What Students Say

"When choosing a city in which to study abroad, there were many options, but one was a clear cut above the rest

-- Prague. Not only would I get a chance to immerse myself in one of the richest cultures in Europe, but I would be provided with an opportunity to continue my classes at a top notch school, UNYP. If anyone is considering an exchange program, without question, I recommend making your way to the Czech Republic."

-- Sara Crutcher,
Texas Tech University, USA

"Prague breathes and lives history, it's a city in its own right. Maybe it was the wonderful sights of Prague

which made me decide to go for it. UNYP's richness in culture and ethnicity has allowed me to grow as a person. Traveling thousands of miles all the way from Manila to spend four months in this country is probably one of the best decisions I've made!"

-- Nikki Lacaden,
Ateneo de Manila University,
Philippines

"As an exchange student at UNYP, I could take various types of courses that I had been interested in and communicate with

students from many different countries. It was a great opportunity for me to understand the uniqueness of other cultures, especially when I was doing a team project. I could hang out with many new friends in my team who always helped me to tour everywhere in Prague. I experienced Prague for the first time in my life and it will never be forgotten in my memory."

-- You Hyun Kim,
Sook-Myung University,
South Korea
