

UNYP Course Selection Sheet

Please review the course offerings on our [website](#) for the semester you will attend UNYP, then complete the registration request form below. Please choose at least **10 courses** (5 main choices with 5 alternates), as some classes you select may be closed or may not have capacity. In order to be considered a full-time student at UNYP and in compliance with the student visa, you must register for at least 12 credits for Fall and Spring semesters.

The UNYP Registrar's office will register you for the classes that you have selected, as long as you meet the prerequisite requirements for each course, the course has capacity, and the course is running in the semester that you will be attending UNYP.

Courses with an ESC code have an additional cost of \$305 per credit, plus Telecommunications fee of \$150.
