TRAUDIE'S

the art of living

As the world rushes forward,
we choose to slow down.

At TRAUDIE'S, we believe that beauty is born in quiet moments – in the touch of a soft towel, in the scent of a delicate soap, and in the glow of a candle that fills a home with calm and harmony.

Our collections are created with deep respect for craftsmanship and a passion for detail. Each piece carries the mark of honest work – from the velvety towels by Yves Delorme, to the caring soaps of La Savonnerie Royale, to the distinctive fragrances of Chiara Firenze. Products that transform a space into a warm, welcoming home.

Reed diffuser Velluto by Chiara Firenze lingers on the senses like velvet, Nero di Bacco reveals the depth of wine and the essence of Tuscany, and the Poudre de Riz collection by La Savonnerie Royale pays homage to purity, simplicity, and the French art de vivre.

As Christmas approaches, we would like to share a piece of this world with you – a place where time slows and meaningful details bring life into focus.

Wishing you peaceful and beautiful days,

the TRAUDIE'S Team
